Figure 5: Vaccination status of confirmed Measles cases by Age group, Liberia, December 13, 2021 – September 4, 2024.

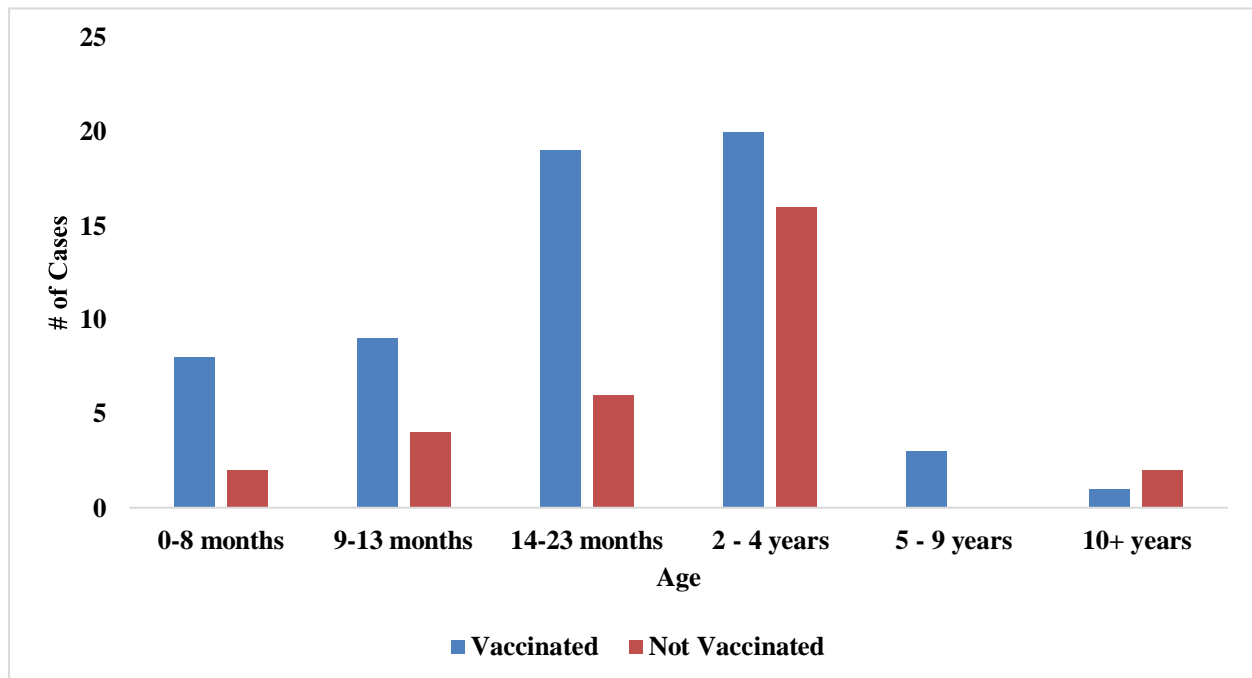

Figure 6: Distribution of Measles deaths by age and vaccination status, Liberia, December 13, 2021 – September 2, 2024

PUBLIC HEALTH ACTIONS

I. Coordination

- The response has been led by the County Health Teams with technical support from the National Public Health Institute of Liberia (NPHIL), the Ministry of Health (MOH) and partners (**Maryland-PIH**).
- IMS meetings are being held for coordination and mobilization of resources in affected Counties.

II. Epidemiological Surveillance

- Active case search in affected and surrounding communities ongoing in Nimba and Maryland Counties

III. Case management

- Case management ongoing in affected counties

IV. Immunization

- Routine immunization ongoing across the country

V. Laboratory

- The National Public Health Reference Laboratory continues testing of Measles samples
- Two cases were laboratory confirmed from Sinoe and Bomi Counties
- A total of 693 cases have been confirmed by the NPHRL from December 13, 2021 – September 4, 2024.

VII. Risk Communication and Community Engagement

- Community Engagement meeting, ongoing in affected counties

Community Engagement and health education meeting in Harper District, 2024

VIII. Challenge (s)

- Limited supply of drugs and medical supplies for case management in outbreak count
